

DEMONIC
EXPERIMENT

Logline:

Documentary filmmaker investigates demonic possession and puts himself in harm's way as he willingly becomes possessed by an entity for the film.

Horror / Thriller

Feature: 90 mins

This documentary follows the drastic effects on the filmmaker's psychological and spiritual well-being as he researches the dangers of demonic and spiritual possession. As the documentary progresses, his efforts to gather real proof bring him down a dangerous road to willingly become a "human guinea pig" and accept the forces of the supernatural.

As expected, through several avenues of conjuring entities including the use of mediums, the Ouija board, demonic books, religious assistance, and ancient rituals, he begins to see signs of an evil entity surrounding his life. Cameras capture these paranormal occurrences as they begin to grow in strength.
