### Music Videos - Comedy

## 13 x 30'

Have you ever made hilarious comments with your friends critiquing television shows and music videos? How many times have you watched a music video and noticed how weird they actually are? Even the high budget videos don't make sense!

This new hit television series brings the concept of a director's commentary to each music video on the planet. There is one hilarious catch, our critics aren't boring dry directors, they are 'know-it-all-smart-asses' ready to cut up every video and make you laugh.
